Submission of the self-
evaluation report, ACE NPEE,
Nigeria (MSc Chemical
Engineering)

Paris, 9th January 2024,

Cc:
Stéphane Le Bouler, Acting
President
presidence@hceres.fr

Dear Pr. Bako,

I hereby confirm that the form of the self-evaluation report for the MSc in Chemical Engineering delivered by the ACE NPEE at Ahmadu Bello University, submitted to the Europe and International Department of the Hcéres on 16th October 2023, complies with the evaluation standards for international study programmes, adopted by the Hcéres Board in January 2022.

Case followed by:
Zakia Mestari
+33 1 55 55 60 43
zakia.mestari@hceres.fr

The report is structured around the four fields of evaluation:

Pierre Courtellemont
+33 1 55 55 65 48
pierre.courtellemont@hceres.fr

- Field 1. Training policy and characterisation
- Field 2. Pedagogical organisation of the study programme
- Field 3. Attractiveness, performance and relevance of the study programme
- Field 4. Academic programme management and continuous improvement

Accessible evidence on each field, SWOT analysis (one per field) and various other appendices (legislative documents, quality assurance policy, etc.) supplement the report.

Please accept my highest regards.

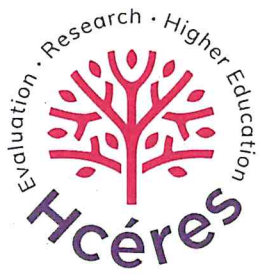

Yours faithfully,

Camille Jannic
